OVERVIEW OF THE WEBINAR

This two-part webinar focuses on the **Horizon Europe Marie Skłodowska Curie Doctoral Networks (MSCA-DN)**. You will receive **practical tips** from an experienced EC evaluator on how to write a competitive proposal. At the end of the webinar, you will understand what to write under each of the headings in the proposal documents, and how the EC evaluator will assess each section. The webinars are delivered online (via Zoom), typically one week apart. After registration, each participant will receive a personal link and password for the webinars, and a copy of the webinar slides and materials. Questions and interaction will be facilitated during the webinars.

ABOUT MSCA-DN FUNDING

MSCA Doctoral Networks aim to train creative, entrepreneurial, innovative and resilient **doctoral candidates**. MSCA Doctoral Networks will implement **doctoral programmes**, by **partnerships** of universities, research institutions and research infrastructures, businesses, and other socio-economic actors from different countries across Europe and beyond. The doctoral programmes should respond to R&I needs, expose the researchers to the academic and non-academic sectors, and offer training relevant for innovation and long-term employability.

WHO SHOULD ATTEND THE WEBINAR?

Research Group Leaders, Research Supervisors, Principal Investigators, Researchers, Research Managers and Administrators, and Collaborators.

BOOKINGS

Webinars are provided for groups of 12 up to 50 people. If you wish to run a webinar at your organisation, email: info@halbertresearch.com

THE WORKSHOP WILL BE PRESENTED BY DR. CATHERINE HALBERT OF HALBERT RESEARCH.

Catherine is an experienced EC Evaluator and has been involved in scientific research management for over 20 years.
